

The Renaissance Companies invites you to be part of our team and culture!

As a Renaissance Project Superintendent, you will provide oversight and management of the daily project activities, while adhering to established safety and quality programs for a timely and successful project completion. Renaissance Project Superintendents maintain professional working relationships with owners, architects, engineers, subcontractors and co-workers. Project Superintendents must have a sense of urgency and ability to multi-task, but not compromise the safety of anyone.

Renaissance Companies culture requirements:

- Listen first, talk second
- Open and effective communicator
- Innovative
- Problem solver
- Sense of urgency to get things done
- Consider our profession challenging and fun
- Value the success of your team first
- Be a contributor

Project Superintendent responsibilities shall include:

- Oversight of field operations.
- Ensure all personnel on site are working safe at all times.
- Coordination of subcontractors and their project scopes.
- Cooperate with project team to manage project finances.
- Project scheduling including three week projection schedules.
- Submittal reviews, including tracking of long lead items.
- Implementation of Renaissance Companies' quality and safety program on projects.
- Establish and maintain team member relationships and priorities as required to achieve project goals.
- Ensure the successful, safe and on time completion of assigned project.
- Coordination in field with governing agencies and utility companies.
- Tracking daily activities utilizing daily reports on-site.

Qualifications:

- Education – It is preferred to have a four (4) year construction related degree or equivalent technical training or past experience as a field Superintendent.
- Experience - A minimum of five (5) years of experience in commercial projects as a project supervisor. Advanced knowledge of construction including codes, standards and means and methods.
- Safety – OSHA 30 hour certification or completed upon hire, CPR/ First Aid certifications. Current forklift certification.
- Technical - Experience with Microsoft applications including Microsoft Project. Experience with Primavera P6 scheduling software is a plus.
